Neponset Riverwalk

A new Riverwalk is in the planning stages for a stretch of the eastern shore of the Neponset River!

This trail would double the fun for residents of the metropolitan Boston area. Thousands of people already use the Neponset Greenway on the northern and western bank of the River for recreation, exercise and commuting, throughout the year. A trail on the opposite bank of the River would open up these exciting opportunities for many more metropolitan residents!

Come learn about this vision for a new five-mile-long riverfront pathway at a presentation on March 7 at 6:00PM in the City Council Chambers, second floor of the old City Hall, 1305 Hancock Street, Quincy.

The presentation will be made to the Environmental Committee of the Quincy City Council. Members of the Quincy Environmental Network (QEN) and the Neponset River Watershed Association (NepRWA) will be on hand to answer any questions.

For further information about this meeting or concerning the Riverwalk, please contact the Neponset River Watershed Association at 781-575-0354 or rocklen@neponset.org.
