## Neponset Riverwalk Talk

The public is invited to a presentation on a new five-mile-long riverfront pathway being planned for the eastern shore of the Neponset River.

This “riverwalk” would significantly increase access to the Neponset shoreline for residents of the metropolitan Boston area. Many people already use the Neponset Greenway on the northern and western bank of the River for recreation, exercise and commuting. A trail on the opposite shore would open up these opportunities for many more metropolitan residents.

Come learn about this vision for a new five-mile-long riverfront pathway at a presentation on Monday, April 4, at 6:00PM in the City Council Chambers, second floor, old City Hall, 1305 Hancock Street, Quincy.

The riverwalk presentation will be made before the Environmental Committee of the Quincy City Council. Members of the Quincy Environmental Network and the Neponset River Watershed Association will be on hand to answer questions.

For further information about this meeting or about the riverwalk, please contact the Neponset River Watershed Association at 781-575-0354 or [rocklen@neponset.org](mailto:rocklen@neponset.org).
